## A PERSONAL WELCOME

# Welcome to the Signature Program.

---

Dear Future Homeowner,

From the bottom of my heart – welcome. Choosing to restore your credit is one of the most courageous financial decisions you can make, and I am genuinely honored that you have trusted me to walk this journey with you.

The Signature Program is a deliberately small, high-touch experience. That means you will never be passed off to a call center, never wait days for an answer, and never feel like a file number. You are a future homeowner, and every step of your roadmap is built around that goal.

Within the next 24 hours, you will receive your personalized welcome packet, your secure document upload link, and our first strategy session calendar. In the meantime, take a deep breath. You have already done the hardest part – you started.

I'm thrilled to help open the door to your next chapter.

With warmth and care,

*Miss Teresitta*
